

Learning with a unique LEGO® twist

A look ahead at what's in store for schools visiting LEGOLAND® Windsor Resort in 2020 and information about its newest workshops and offers for teachers.

There's no doubt that a school trip to LEGOLAND® Windsor Resort will create long-lasting memories and a huge impact on your students and staff.

Whether you choose to self-lead using the resort's new resources or take part in one of the unique workshops, the attraction in Berkshire offers a truly unique learning experience. Set in 150 acres of beautiful parkland with more

than 55 interactive rides, live shows and attractions, the resort excels on bringing learning to life outside the classroom.

The thrilling theme park rides and attractions, combined with interactive educational workshops, makes LEGOLAND® Windsor Resort a strong contender for teachers looking for somewhere unique and engaging. Staff place a real focus on allowing

• There's a variety of unique and exciting workshops available for teachers to book at the resort.

Teacher testimonial

"Children from all abilities were engaged fully from the start to the end! Thank you." **Holly Spring School**

There's also the LEGO® 4D Movie Theatre – a 4D film with wind, snow, fire and lighting effects – whether it's training with your favourite NINJAGO® heroes or helping Emmett and the gang.

A LEGO® Brick Submarine underwater adventure ride is also bound to attract the attention of pupils, so don't miss experiencing the Atlantis Submarine Voyage which allows students to get up close to aquatic animals.

What's new for school groups in 2020?

New for 2020 will be the Mosaic Masters workshop, available to Key Stage 1-2 students. This workshop ties in Art and History with a unique LEGO® twist. The session explores the history of mosaics and famous LEGO® artists who still use the technique today. Students will then design and build a LEGO® Mosaic themselves using a wide range of inspiration and examples covered in the workshop.

Also new and improved for 2020 are the LEGO® Robotics Primary and Secondary Workshops. Bringing Science to life, this session allows students to explore Robotics utilising the LEGO® Education →

Teacher testimonial

"A fantastic workshop which was very adaptable to my class!" **Malvern Way School**

• Schools are offered a host of benefits including exclusive pricing & free teacher tickets.

children of all ages to engage and explore through creative and imaginative play, while learning at the same time.

The exciting resort is most suitable for Key Stage 1 to Key Stage 5 pupils - although there are experiences available for pre-school and younger children. There's a National Curriculum Map for schools and teachers to navigate their way around the resort, making sure they meet all of their learning

objectives while enjoying the many rides and attractions on offer.

Featuring nearly 40 million LEGO® Bricks, the model scenes at the resort's Miniland are popular for visiting schools. Look out for famous landmarks including Tower Bridge, Buckingham Palace and the Eiffel Tower. Miniland Explore the World and Miniland USA opened last year with schools now able to spot iconic additions with landmarks from India, Russia, Australia and China.
