NEW

## A **NEW** annual guide and an essential reference full of great ideas and expert advice for school trips

With the **Learning Outside the Classroom Yearbook** we wanted to dive a bit deeper and bring teachers and educational visits coordinators a publication that acts as an essential reference throughout the whole organising process. From coming up with that first school trip idea, all the way to running the visits, and then how you keep on reaping the benefits when back in school, the LOTC Yearbook offers real value to advertisers looking for a publication that will be kept and used again and again.

Teachers and EVCs rely on our trusted media to provide practical advice, thought-provoking content, inspiring ideas, and how to find the best help and support. Published every autumn in print and digital edition, make sure you use this powerful part of our portfolio.

## A unique campaign that takes your branding to the next level

The annual **School Travel Awards** recognise inspiring people and the very best companies, venues and attractions providing school trips. If you are reading this you already know how important learning outside the classroom is. So join us, become an official Awards Partner and help support this special initiative. In return, you will receive extensive branding in print, online and through a powerful email marketing campaign.

It culminates with a five star Awards Lunch and Ceremony, where you will benefit from the high profile exposure that comes with being an Awards Partner including your own private table and the opportunity to present one of the award categories.
